PROFESSIONAL SUMMARY

Frontend engineer with 7+ years of experience building cross-platform web and mobile UIs. Proficient in React Native with hands-on debugging and feature delivery experience. Strong UI/UX sensibility backed by Figma design skills and a Google UX Design certification. Adept at translating Figma prototypes into pixel-perfect, responsive interfaces. Currently upskilling in React, TypeScript, Next.js, and Git to meet modern frontend standards. Open to relocation to Singapore.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React Native, jQuery, LESS — actively learning React, Tailwind CSS
Design & UX	Figma (wireframes, prototypes, component design), responsive/mobile-first design, cross-browser compatibility
Tools	Git & GitHub, Postman, Chrome DevTools
Testing	Manual testing, unit testing, test case writing, code reviews, Agile/Scrum
APIs	REST API integration, Postman for request verification (URL, headers, request body, response)

WORK EXPERIENCE

Senior Software Engineer — UI Developer

Apr 2022 – Feb 2026

Tecknodreams Software Consulting Pvt Ltd | Bengaluru (Remote)

- Developed and maintained cross-platform UIs and mobile-friendly navigation features using HTML, CSS, JavaScript, and React Native, delivering consistent experiences across iOS and Android.
- Debugged and resolved complex customer-raised issues in a production React Native app over 3+ months, using Postman to verify API calls and identify root causes.
- Collaborated with design teams in Figma to translate wireframes and prototypes into responsive, pixel-accurate UI components.
- Wrote and executed React Native customisation scripts for client-specific feature enhancements, performing feasibility checks and unit testing before delivery.
- Mentored a junior developer, conducting code reviews and promoting best practices in UI development.
- Recognised by employer in September 2020 for outstanding contribution to MobileApp, Service Desk Settings, and NewUX design initiatives.

Software Engineer — UI Developer

Jun 2018 – Mar 2022

Tecknodreams Software Consulting Pvt Ltd | Bengaluru

- Built and maintained front-end features using HTML, CSS, LESS, JavaScript, and jQuery for enterprise web applications.
- Conducted feasibility analysis for UI design requests and implemented customer-driven enhancements with full documentation of current vs proposed designs.
- Performed unit and manual testing, writing and executing test cases across multiple scenarios to ensure cross-browser compatibility and UI integrity.
- Created design documentation highlighting existing feature behaviour and proposed improvements for stakeholder alignment.

EDUCATION

Master of Computer Applications (MCA)

Jun 2016 – Jun 2018

Anjalai Ammal Mahalingam Engineering College | Kovilvenni, Tamil Nadu

- Final year project: Library Management System (Java, HTML, CSS) with automated email notification system for book issue and due date alerts.

B.Sc. Computer Science

Feb 2013 – Apr 2016

Sengamala Thayaar Educational Trust Women's College | Mannargudi, Tamil Nadu

CERTIFICATIONS & PORTFOLIO

- Google UX Design Certificate (Coursera) — Foundations of UX Design, Empathise-Define-Ideate, Wireframes & Prototypes
- Yummy Diaries — Cookbook app prototype built in Figma, demonstrating end-to-end UX design workflow <https://www.figma.com/proto/jNQ6KcOMXH5WYF6hO3w8Um/Yummy-Diaries?%20node-id=1-2&t=sRNC4XLOaH1Ks0VQ-1&scaling=scale%20down&contentscaling=xed&page-id=0%3A1&starting-point-node-id=1%3A2&node-id=1-2>
- Currently building: React + TypeScript projects on GitHub as part of a focused Singapore job-market upskilling plan

LANGUAGES

- English — professional working proficiency
- Tamil — native
